HERE'S the POINT!

By SPENCE HELD

This being the season when distant places look greener, it might not be a bad idea to print part of a letter from Walter Varney, the Ocean Beach boy who made good in Bali.

Yeah, he's been living in lush Bali for several years . . . Recently, however, he took a trip to Thailand and neighboring countries; his most recent letter to his mother, Mrs. C. W. Varney of 4728 Saratoga Ave., was dated June 24 at Luang Prabang, Laos.

"I've been traveling all over northern Laos," he wrote, "up to the Burma and Communist China borders. This is mountain country, rain forested, beautiful from the air.

"Here and there are mountain bowls, a tiny village in each, and in some a tennis court-size landing field. No roads anywhere north of Luang Prabang. Atop the high ridges the forest people have small clearings with bamboo shacks, half a dozen families.

* * *

"Foot trails on all ridges . . . These inaccessible villages can be seen only from the air. I traveled in Beavers, old 4-place crates, and in one prehistoric antique. It had TWO wings! Covered with cloth. At least 30 years old.

"In all this country I am the only westerner not employed by Gov't. The one tourist. North of Vientiane there are only a dozen French, one American doctor at Nam Tha. National Geographic country.

"The American doc had me help him deliver a Yao baby. The boy opened his eyes, scowled, and dozens of captions for cartoons zipped through my mind. He didn't like what he saw!"

* * *

Summer scene: GONE FISHING sign on front of Ocean Beach barber shop . . . Highway Patrol chief chewed by two large dogs in front yard of O. B. home, where he had planned to interview woman for job . . . Policeman resigns rather than shave off mustache . . . Article in July issue of "World Tennis" written by Jason December . . . Think I'll change my name to Spencer September.

(My wife says she thinks I need a vacation. Maybe I oughta look up Walter Varney in Bali—after all, she flew down to Peru two years ago and I've never been to Bali . . . Bali? Held's Belles. I've never been to Peoria.)

PONY LEAGUE

The 7Up team is leading the second half with 8 wins and 1 loss. Lions occupy second spot with 5 wins, Service Clubs and Merchants are tied for third with 4 wins each while Moose and Optimists trail with 3.

Merchants took the second game from Optimists 5 to 1 behind the no-hit pitching of David Dook. Larry Garcia, of Merchants, helped his team with a 4 bagger.

The last game saw 7Up suffer their first defeat after winning 11 straight. Moose registered the victory in a close 4 to 3 ball game. Skipper Ikemura took the pitching honors.

Saturday's triple-header saw Merchants take the first game from Moose 7 to 3 behind the pitching of Oscar Palacios.

The game between Lions and Optimists went into extra innings. Tom Webb ,of Lions, came through with a homer in the 8th to win it 10 to 9. Jon Burlan smacked a homer for Optimists. The winning pitcher was Nickie Sebastiani.

In the last game 7Up defeated Service Clubs 13 to 3 with Mike Dolphin on the mound for the winners. Dolphin tagged his 12th home run of the season. Tom Bailey hit a homer for Service Clubs.

She's Enthusiastic

Mrs. J. Mize of 5066 Del Monte Ave. offered a studio cottage for rent in last Thursday's Peninsula News. It was snapped up immediately, but Mrs. Mize kept getting calls from people who had read her classified ad—in fact, she got one call the following Monday. She is enthusiastic about the Peninsula News; she never advertises anywhere else.

Water Safety Precautions Listed By San Diego Red Cross Chapter

Rear Adm. Benton W. Decker, chairman of the Water Safety Committee, San Diego County Chapter, American Red Cross, calls attention to these ten water safety precautions:

1. Learn to swim. You can't think of a better sport to save your life.

2. Always swim with another person. Make sure someone is near by who can help you if you get in trouble.

3. Swim in a safe place. The presence of life guards usually indicates the area is safe for swimming.

4. Know the area. Before diving, make sure the water is deep enough and that there are no hidden objects such as submerged rocks.

5. Respect the water and know your limitations. Water can be a good friend or a deadly enemy. Don't go beyond safe limits or your ability.

6. Use riscretion. Don't swim right after eating or when overheated or overtired.

7. Try to remain calm in case of trouble. Assume a face-up floating position, keep your hands under water and slowly move your hands and feet.

8. Keep safety equipment in your boat or canoe. Unless you're really an expert swimmer, it is wise, when riding in a small craft, to wear a life vest or to attach a seat cushion life preserver to your body with a line.

9. Stay with your boat or canoe. Most small craft will float even when filled with water or overturned.

10. Don't overpower your boat. A motor too powerful for your boat makes it difficult to control and may cause upsets or other accidents.

Qualifying Weight Rises Steadily In Yellowtail Derby

In spite of heavy catches of yellowtail at the Coronado Islands, highlighted by daily catches which shot well over the 1000 mark four consecutive times, it was the reapperance of schools of big albacore in close-in waters which boomed qualifying in the second period of the $25,000 San Diego Yellowtail Derby this week.

The longfins turned up unexpectedly within a stone's throw of the Coronado Islands last Saturday and sport boats were able to work them with a minimum of effort. As a result, minimum qualifying weight in the second period shot past the 24 pound mark with two weeks remaining.

Largest fish of the week was a 28 pound 2 ounce albacore caught by Bob Marcum, Fullerton, and it was followed by a 27-13 yellow bagged by Yas Yasutake, Oxnard.

Other big ones included: 27-10 albacore, W. L. Williams, Los Angeles; 27-8 albacore, Walter Farrand, Ocean Beach; 26-10 albacore; 26-10 albacore, Frank Rametta, Santa Monica; 26-6 albacore, Dave Anderson, Coronado.

Action at the Point Loma kelp beds also caught fire last weekend, one of the better catches being a haul of 368 barracuda and 90 calico bass made on the Friday afternoon run by the New Mascot.

POINT LOMA LITTLE LEAGUE

Going into the last week of the 1957 season, the Point Loma Little League still shaped up as a well-matched group of baseball teams. In 1st place was Chenkins, with De Falco just a half game back. Breathing down their necks were Kiwanis and Optimist, tied for third, just 1½ games out. Rotary was a close fifth and Food Basket remained in sixth.

Monday, Kiwanis' Michael Bryce relieved Don Coley to take a thriller from Food Basket. Food Basket's Don Fuller and Dave Grimes turned in a 1st inning double play, but the Kiwanians came from behind in the sixth to win, 3-2.

Tuesday, Rotary went with Dave Lauren and Jon Shoberg to beat Optimist 9-4. On Wednesday, John Wenz, of De Falco, won a hotly-contested struggle from Chenkins 6-3.

Kiwanis defeated Rotary in a tight 6-5 match Thursday, with winner Don Coley coming in to work in the first inning after starter Jerry Hampton ran into trouble.

On Friday, Tony Rosa ,of Chenkins, gave up two hits, and with the aid of fireman Steve Curtis, won from Optimist 10-4.

New Building For Point Loma Branch Bank

A public open house party at Bank of America's new Point Loma branch building, 1275 Rosecrans St., has been scheduled for Thursday, July 25, from 7 to 9 p.m., Jay H. Thomson, branch manager, announced this week.

The informal open house has been planned to give local residents an opportunity to pre-view the new banking quarters, meet the bank's staff and enjoy light refreshments, the manager said.

Point Loma branch will do business for the last time at its present location, 1065 Rosecrans St., on Friday, July 26, and will open in the new building at 10 a.m. on Monday, July 29.

The new banking office, fast nearing completion, will have more than 7,000 square feet of floor space on its main and mezzanine floors. Modern design and equipped with the latest in banking equipment, it will utilize a glass-topped teller counter instead of the customary teller windows. This counter will not only provide space for a maximum of 14 teller stations, but should also help to foster a friendlier atmosphere while transacting business, the manager said.

Facilities for safe-deposit and escrow will be available in the quarters, and a night depository station for time-consuming transactions will be in operation. Customer free parking will be available.

Total cost to the bank for land and improvements exceeds $265,000, according to Thomson.

Final Preparations Under Way For Fiesta's 'California Story'

Final preparations were in full swing this week for "The California Story," the big central attraction of the Fiesta del Pacifico to be presented in Balboa Stadium July 27-Aug. 10.

Intensive rehearsals of the principals and supporting actors in the musical pageant started last week in the Electric Building, Balboa Park .The players are running through their scenes several times nightly as the production staff begins whipping the show into shape.

Meanwhile, construction workers were building the stages, scaffolds and other structures required for staging "The California Story," America's largest outdoor show.

Dancing rehearsals for the 24 professional dancers were started under the direction of Anna Sokolow, internationally known dancer, teacher and choreographer.

The dances will be a ballet telling of California's legends of gold, a Spanish Fiesta dance, a tarantella featuring Lola Montez, a French can-can, waltz, dance scene from the opera "Carmen," and a series of dances from the Roaring Twenties.

Miss Sokolow selected the dancers at auditions in Hollywood.

In addition to the rehearsals for actors and dancers, there are other rehearsals for the voice chorus under Carl Dewse, the motorcyclists, bicyclists, horsemen, and sailors and marines who will appear in "The California Story."

The show will play 13 performances, opening July 27.

Lucille Norman will head the cast of 1,300 actors, singers and dancers.

Arthur Godfrey and his horse, Goldie' will be guest stars during the first week of the show.

The Fiesta will open July 24 and run through August 10. A varied program of activities will keep residents and visitors on the go.

LOMA PORTAL LITTLE LEAGUE

Scoring two victories over Whitney's—the second in a tense, nine-inning struggle, Oscar's Midway continued to maintain a perfect record in the Loma Portal Little League last week, while North Lumber and Cubic Corp. broke even in two encounters.

The Midways, rallying for two runs in the last half of the ninth. Saturday squeezed by Whitney's, 8-7. Singles by Gordy Lutes, Steve Goebel and Jay Morgner and a walk to Larry Bardy pushed across the winning runs in the last frame. Lutes sparked Oscar's with four hits, while Robert Falar pounded a homer for Whitney's and Jerry White and Billy Dettweler contributed three hits each.

Lutes and Larry Bardy collaborated on a five-hitter and registered 13 strikeouts Wednesday as the Midways posted an 8-4 verdict over Whitney's. Falar also homered in that contest. Oscar's Billy Krause sparkled at bat with 2-for-3.

A five-run flurry in the last inning netted North Lumber a 7-2 triumph over Cubic Saturday. Lefty Paul Enrich went the route for North Lumber, issuing only one walk and scattering nine hits. Garry Page led the winners with 2-for-3, and Larry Wood hit 3-for-3 for the losers.

Wood recorded a perfect 3-for3 again Wednesday as the Cubics edged the Lumbermen, 7-6. Wood drove in Arthur Dean with the winning run in the fourth inning. Billy Severino, Christy Gregg and Richard Smith each collected two hits for North Lumber.

Here's The Dope On Boat Trailers

SACRAMENTO—Many motorists towing boat trailers with passenger cars and pickup trucks are violating traffic laws, according to the California Highway Patrol.

"This is probably due to lack of adequate knowledge of the rules and regulations, particularly by new owners of small boat trailers," said Patrol Commissioner B. R. Caldwell.

Enforcement action will be taken against all violators, therefore the following are essential points to be reviewed by persons towing these trailers with passenger cars or commercial vehicles weighing under 4,000 pounds

1. Maximum speed is 45 miles an hour unless a lower speed is posted.
2. One red tail lamp, a license plate lamp, one red reflector and a stop lamp are required on each vehicle.
3. Clearance lamps are necessary if the vehicle or load exceeds 80 inches in width.
4. Mechanical or electric turn signals are required if hand and arm signals are not clearly visible from the rear.
5. Hitches must be properly and securely mounted, wtih a legal safety chain to control trailer if hitch fails.
6. The trailer is required to follow substantially in path of towing vehicle without whipping or swerving.
7. The towing vehicle must be equipped with a mirror reflecting a view of the highway 200 feet to the rear.
8. The license plate on the trailer is required to be mounted not less than 12 inches nor more than 60 inches from the ground when the trailed is "unladen."
9. Registration card or temporary permit must accompany trailer.
10. Combination of vehicles must be equipped with brakes capable of stopping in 40 feet from a speed of 20 miles per hour.

ENTERPRISE

The young (five-year-old) door-to-door saleslady explained that the price of her greeting cards was five for 10 cents or 10 for a dollar.

"That's a bit high for second-hand greeting cards, don't you think?" I ventured.

"Well, no," she high-pressured. "You see, this is the first time I've sold them."

After much bargaining she finally consented to let me have a faded, handmade (in kindergarten) Christmas card, classically inscribed "To Daddy from Wendy."

Price: 5 cents.

A NEW GRANDSON

Mrs. Philip W. Hardie, of 3756 Kingsley St., has just returned from Augusta, Ga., where she greeted the arrival June 14 of a new grandson, Philip Dean Edwards.

Philip is the son of Mr. and Mrs. Dean Leslie (the former Katherine Hardie.) Paternal grandparents are Mr .and Mrs. Gail Dean Edwards, of San Diego.

While in the South, Mrs. Hardie visited her mother and sisters in North Carolina.

SIGNS OF SUMMER

Empty shelves, by early afternoon, in the grocery stores where hot dog and hamburger buns are usually kept.

The itching and scratching phase guaranteed to follow a case of sunburn.

The milkman's small son accompanying his father on his rounds. Making wise use of vacation time, he starts early learning a trade. Father, also making wise use of vacation time, maps out the apprentice's first job: lugging the wire basket of empty bottles back to the truck.

CONRADS HONORED

Dr. and Mrs. Seymour Kuntz will entertain at dinner for Col. and Mrs. Harold C. Conrad, old-time residents who have sold their home at 1051 Sorrento Dr. and are moving to Apple Valley.

Many parties have been planned in their honor. Col. Conrad is retired from the Army.

HEARD AND LIKED

Said a State College prof: "I just can't understand why some people spend $4000 for these small sports cars just to get the comforts of a 1939 Essex."

IRISHMAN HERE

Staff members of the Peninsula News are taking "a wee bit of blarney" these days from a new employee, Stanley Hobson. He and his family came to the States from Dublin, Ireland and are making their home at 4725 Voltaire St. Sons are David, 7 and Alan, 6.

"This Ocean Beach place is the greatest,' says Hobson, who is doing all right with his "new" blarney, too.

HITHER, THITHER, YON

Ted Schroeder Jr., majoring in education and recreation at San Diego State College, has accepted a job as senior counselor at Camp Cuyamaca this summer. Ted is the son of Mr. and Mrs. T. Schroeder, of 405 Rosecrans St.

Mr. and Mrs. Russell Kliegel of 3436 Xenophon St., just returned from a six-week trip to Bryce Canyon and vicinity.

Mrs. Hedy Hiles, of Ocean Beach took her 5-year-old grandson, Brian, with her when she visited relatives recently in Nebraska. They were gone about three weeks.

United Nations To Be Analyzed

"The United Nations—Formula for Survival?" will be analyezd by more than 20 statesmen, diplomats, scientists, and educators August 5-23 in San Diego State's 15th annual Institute on World Affairs, Dr. Malcolm A. Love, college president, announced this week.

Minos D. Generales, associate professor of political science and director of the Institute, said that the program will be offered for college credit but that all sessions will be open to the public free of charge. Morning sessions will be held Monday through Friday on the campus. Four evening lectures have also been scheduled during the three-week program.

"With world attention focused on the U. N. and its role in the Hungarian situation and the Middle East crisis, we feel the 1957 Institute will be of major significance to the community," Generales said.

The Institute will approach the U. N. from three separate points of view, he explained—the political, the diplomatic, and the scientific.

"It seems impossible to some observers that nations with opposing interests can work together," Generales said. "In the political phase of the Institute, we will examine the procedures provided by the U .N. for coordinating the oftentimes contradictory interests and ideologies of its member nations.

"Many people consider the U.N. a spokesman for a few world powers," he continued. "The diplomatic evaluation will emphasize the role of individual countries in determining attitudes and decisions within the U.N."

COUNTRY PLATTERS

by LES CARROLL

LATELY the recording success pattern seems to be to give a singer material with a pretty melody, or strong beat, and a rhythmic quartet or choral backing. Typifying this trend is Mac Wiseman's beautiful "Because We Are Young," which should be a big one. Also on this pattern is Whitey Knight's rhythmic "The Blues Walked In" and melodic "Lately," and T. Tommy's pretty "I Saw You, I Saw You" and the rocking "Bye Bye Love" (All Dot). Fuller Todd also uses this formula on "Proud Lady-Heart Stealer," which is very intriguing (King).

In the inspirational field, Gene Davis and quartet have a beautiful rendition of "I Won't Tell Anybody but My Lord" and "Sweet Victory," sung in the old-time style (King). And Elvis Presley and the Jordanaires have an excellent album, "Peace in the Valley" (RCA).

A very haunting number is Gary Walker's "It's Only a Matter of Time," backed by the appealing "Everybody's Gotta Go Sometime" (MGM). And Wiley Barkdull has added a new sound to the oldie, "No One Will Ever Know" (Hickory). Unusual and catching is Tommy Blake's "Freedom," with overtones of early folk music (RCA).

There are several real cuties among the new releases, too. Rusty Gabbard's "So Sorry, Joe" is a humdinger (MGM) and Jimmie John's "Rosie's Gone Again" is very catching (Dot). Johnny and Jack have two snappy "A" sides in "That's Why I'm Leavin'" and "Oh, Boy, I Love Her" (RCA), and the Carlisles put

plenty of bounce in "Ladder of Love" and "Wouldn't You Like To?" (Mercury).

In the ballad field, Carl Smith has two fine sides in "Mr. Lost" and "Try to Take It Like a Man" (Columbia), and Bob Gallion's "Out of a Honky Tonk" (MGM) is very appealing. Benny Barnes sings nicely "Nickel's Worth of Dreams" (Mercury) and Eddie Dean's "One Foot Caught in Quicksand" and "Lonesome Guitar" are beautiful (Sage).

The Browns have another big one in "Getting Used to Being Lonely" backed by a new arrangement of their oldie, "I'm in Heaven" (RCA). Jean Shepard's voice is very enchanting in "Under Suspicion" (Capitol).

OTHER GOOD RELEASES are "Wild Heart" (Wade Ray, RCA); "The Texas Blues" (Steve Schulte, ABC-Paramount); "All Alone" (Sleepy LaBeff, Mercury); "Flash, Crash and Thunder" (The Farmer Boys, Capitol); "Cheyenne" (Sons of Pioneers, RCA); "Long Time Gone" (Tibby Edwards, Mercury) and "Red Sweater" (Dave Rich, RCA).

Car-Looting Hits Peak In Summer

Car-looting is at its peak during the summer vacation season, the Automobile Club of Southern California said this week, and advised vacationing motorists to: "Never leave any valuable in a car even if it's locked."

Motorists were also advised to keep a list of serial numbers of valuables and, if possiblie, to put a personal identification mark on them.

The Club pointed out that:

1. Most looting takes place after dark.
2. More cars are raided over the weekend than on other days.
3. More out-of-town and out-of-State cars are ransacked than are local cars.

"The sooner a stolen item is reported, the better one's chance of recovering it," the Club added.

'Paul, Constantine' At L. J. Playhouse

Audiences seeing the American premiere of "Paul and Constantine" at La Jolla Playhouse this week are enjoying an opportunity of previewing a mirthful romantic comedy which will soon be seen on TV and perhaps on Broadway and in movie theatres.

Glamor is added to the entertainment by the fact that starring in person on the La Jolla stage are James Mason, his wife, Pamela Mason, and the exciting new MGM star, Taina Elg, the young Finnish ballerina and actress who is co-starred with Gene Kelly in his latest picture, "Les Girls."

The play, written by a friend of the Masons, Dario Bellini, was brought to Playhouse producer John Swope by Mason himself with the thought of trying it out for Broadway, TV and the films. Since its opening at La Jolla Playhouse last Tuesday night, Mason has announced that whatever stage plans may develop for the play after La Jolla, he intends to appear in a TV production of it in the very near future.

"Paul and Constantine" will run for the next ten days, closing Sunday night, July 21. It will be followed by another important production, Graham Greene's exciting drama, "The Potting Shed."

Del Mar Turf Club To Open Stable Area

DEL MAR—With the start of its 41-day summer meeting just two weeks away, Del Mar Turf Club opens its stable area this Friday, July 12, and the advance guard of some 1,300 expected horses will bed down and begin preparations for the opening day program on Wednesday, July 24.

Among the first arrivals will be the stable of J. Kel Houssells, Las Vegas hotel proprietor. The Houssels horses are shipping in from Omaha, where they campaigned with high success at the Ak-Sar-Ben track there. The group is headed by the good stakes winners, Lefty James and Y Bond.

Stable Superintendent, Norvell Snyder, who has been on the grounds for a week supervising the readying of the stable area, expects some 75 head of horses by the end of the week.

Work on the racing strip, readying it for the July 24 opening, got under way Monday following the close of the 22nd Agriculture District County Fair.

HEALTH FOR ALL

"Thank goodness, TB isn't my problem."

That's what the man said. By that, he meant he didn't have tuberculosis, nobody in his family had it, and no one he knew had it.

That's what he thought. The very next week a case of tuberculosis was discovered just down the block. It was the mother of his youngster's best friend. And suddenly TB was his problem. His boy had been exposed to the disease. He didn't relax till every member of the family got a clean bill of health from the doctor.

Tuberculosis is everybody's problem. In one way or another it affects everybody. Everybody has among his family or circle of friends and acquaintances, someone who either has the disease or whose body harbors the infection.

It is estimated that from one fourth to a third of the American people have tubercle bacilli, the germs that cause TB, in their bodies. In most people, the germs are inactive and in no way affect their health. However, at any time the bacilli might be activated if the body's defense mechanisms are weakened. Then passive infection becomes active disease.

What does it feel like, this change over from the infection to the active disease? Usually, it doesn't feel like anything. Symptoms in the early stages of disease are either nonexistent or so slight as to go unnoticed. A person might go about his usual routine of life for some time quite unaware that an insidious disease is devouring the living tissue of his lungs. Meanwhile he may be spreading the disease to those about him.

It is this characteristic of tuberculosis which makes it more difficult to control than most contagious diseases. And it is this which makes tuberculosis everyone's problem, everyone's responsibility.

It's your responsibility to make sure that you don't have TB, that you aren't endangering those about you. A chest X-ray will give you the assurance you want. A good citizen has a chest X-ray once a year, or more often if his doctor advises it.

Warmer Weather Invites Mandarin Chicken

BY DOROTHY MADDOX

FOR garden, back porch or terrace—your favorite corner for outdoor eating—enjoy this menu. Mandarin chicken can be prepared ahead, wrapped in foil and refrigerated ready for last-minute heating.

Mandarin Chicken (6 servings)

One four-pound chicken, cut up, ½ cup soy sauce, 1 teaspoon grated fresh ginger root, or ¼ teaspoon powdered ginger, ½ cup brown sugar, packed, lemon slices.

Wash and dry chicken. Combine soy sauce, ginger, brown sugar. Pour over chicken in a shallow pan and let stand overnight in the refrigerator. Heat oven to 350 degrees F. (moderate).

Turn chicken pieces in soy sauce mixture to coat well. Bake, covered, at 350 degrees F. for one-half hour. Uncover. Reduce heat to 325 degrees F. (moderately slow) and continue to bake, basting with soy sauce mixture occasionally for 45 minutes.

Serve with lemon slices. If preparing in the morning to reheat later, cool baked chicken. Wrap it in foil. Chill. Half hour before serving, reheat right in foil in a moderately hot oven (425 degrees F.).

Outdoor eating is a pleasure enhanced by Mandarin chicken, tossed salad, crisp chips and honey-spiced melon balls. Convenient to heat up, too.

Honey-Spiced Melon Balls (6 servings)

Two ripe cantaloupes, ⅔ cup honey, ½ teaspoon grated lemon rind, 1 tablespoon lemon juice, 1 stick cinnamon, 3 inches long, ⅔ cup water.

Cut melons in half, remove seeds, and cut into balls with melon ball cutter. In a small saucepan, combine honey, lemon rind, lemon juice, cinnamon and water.

Bring to a boil, reduce heat, and simmer for five minutes. Cool to room temperature. Remove cinnamon stick and pour over melon balls in a shallow dish. Chill.

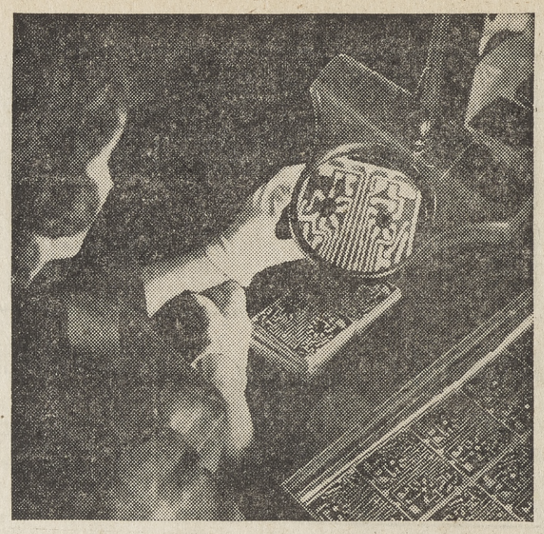
WHAT'S DOING
J. L. Webb, your Telephone Manager in San Diego

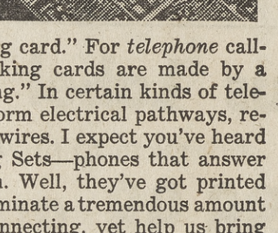


Here's a new kind of "calling card." For *telephone* calling, that is. These odd looking cards are made by a process called "printed wiring." In certain kinds of telephone equipment they can form electrical pathways, replacing an intricate maze of wires. I expect you've heard about Automatic Answering Sets—phones that answer your calls when nobody's in. Well, they've got printed wiring in them. The cards eliminate a tremendous amount of delicate soldering and connecting, yet help us bring you better service.

* * * * *

Fire's a big hazard this time of year. So it's a good time for us all to get behind Smokey Bear's Fire Prevention Campaign. They say fire burned about 9 million acres of forest land last year. We can help by being extra careful to put out matches, cigarettes and campfires. I'm happy to pass along Smokey Bear's slogan right here: "Only You Can Prevent Forest Fires." Good point for all of us to remember.

* * * * *



Going off on a trip soon? I know you'll find your phone a big help when you get to those last-minute details. Like arranging for the dry cleaning to be done. Or getting someone to water the lawn. Or stopping the milk delivery. One of the nice things about a telephone is that it's right there, anytime you need it. It really smooths the way for you. And that's what it's for.

Bible Comment:

Jonah Set Example Which We Would Do Well to Follow

JONAH'S book, although it is only a few chapters, marks the very highest point of Old Testament teaching in its conception of God and His grace.

Nineveh, at the time of the story, was a great and wicked city, and Jonah received the call of God to go there and speak for right and truth.

It was not unnatural that he should rebel against such a task. It was unpleasant to go as an individual and set himself up as a preacher in a hostile environment of luxury and wickedness. He might well have asked what his lone voice, crying in such a scene, could accomplish.

But there was further antipathy in Jonah to obedience to this call. Nineveh was a foreign city and Jonah, as a Jew, might have been expected to be prejudiced against it. Jews believed themselves members of the chosen race.

Here emerges the central idea of the book and its teaching. It is a missionary book, presenting with considerable clarity the conception of God as the God of the whole world whose grace and mercy are for all people and not for a chosen few.

In this respect, Jonah's reluctance to go and preach in Nineveh is typical of the narrow conception of religion and life, that lack of any apprehension of the richness and fullness of God's mercy, which has led people to be apathetic regarding the spread of the Gospel. This view has its adherents in all ages.

Is it not true that we are most content to live within our own narrow circle of home, community or nation, disregarding the world and its needs?

If the world would be more world of Christian missions, the spirit of the Book of Jonah it would be a better world than it is today.

Self-Polishing Wax Is Pal of Vinyl Tile

New Wax With Vinyl Adds Shine to Surfaces

BY EDNA MILES

THE homemaker with a houseful of assorted kiddies, adults and pets is the woman who welcomes furnishings and floors that will stand up under punishment.

This accounts, to some extent, for the popularity of vinyl, one of the toughest plastic substances known. In fabric form, it's used for upholstery, wall coverings, head-boards, hassocks, folding doors, screens, room dividers and chair seats. It sheds water, won't scuff, is easily wiped clean.

Similarly, vinyl tile makes a bright and long-lasting floor covering. Newest product to aid in its care is a self-polishing floor wax that contains vinyl. This new wax is equally good for use on linoleum, asphalt tile, rubber tile and finished wood.

The wax is said to be water repellent, easier to apply and easier to remove. It provides, the makers say, a brilliant and long-lasting gloss.

Using a convenient applicator, this homemaker protects her vinyl-tile flooring with a self-polishing wax. The floor has brass strips in a diamond pattern.

Zetetic Society To Present Clarke

Prefacing the Shakespearean season in San Diego, the newly-organized Zetetic Society, headed by Bernard I. Small, Peninsula resident, will present its first activity Friday, July 12, at 8 p.m., at the La Jolla Community Center.

John Robert Clarke, well-known lecturer, will speak on "Footlight Magic in King Lear." A discussion period will follow the lecture. The date and subject of the program were selected in conjunction with the opening of Shakespeare's "King Lear" at the Old Globe Theatre one week later.

The summer program of the Zetetic Society is designed to stimulate interest in the Summer Symphony, Starlight Opera, and cultural aspects of the Fiesta, said Mrs. Marshall Chamberlain, chairman of the activities committee.

Other Peninsula residents who are officers of the group include Reid Watson, vice president; Mrs. J. Weldon Thomas, publicist and Mrs. Thomas J. Burke, telephone.

CHRISTIAN SCIENCE LESSON-SERMON

Consistent prayer, based on the spiritual understanding of God, is the key to health and freedom. This thought is brought out strongly in the Lesson-Sermon in all Christian Science churches this Sunday.

Keynoting the lesson on "Sacrament' 'is the Golden Text from Matthew (6:6), "Thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and try Father which seeth in secret shall reward thee openly."

Among the references read by the First Reader from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be, "What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds" (p. 4).

This verse from Psalms (19:14) will be among passages read from the King James Version of the Bible, "Let the words of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer."
